A demonic Prince of the Fall, Harkyn, stumbles across a forgotten door with mysterious abilities, which leads to a dimensional rift. Now he must embark on a journey through the demonic realm in order to reach it... The Betrayal of Prince Harkyn - In the first episode, Harkyn will visit the Heart of Darkness, the demonic dimension from which fallen demons speak. - In the second episode, Harkyn will visit the castle of Shambavilia, a human realm where demons serve humans as nobles. - In the third and final episode, Harkyn will reach the center of the dimensional rift, the infamous dimension of Duriel, where all three dimensions come together and demonic energy is at its highest. About This Game The Betrayal of Prince Harkyn: A dark fantasy inspired by Diablo II and Ultima Underworld. With an intense first person view, an open world and real-time dungeon delving Harkyn will encounter fierce enemies and unusual allies. More than just a game, this is a journey. About The Game Explore the world of Lords of the Fallen, a side-scrolling action adventure set in the dark fantasy world of the same title. Play through three episodes, featuring different characters and locations and expanding the world around you. The actual campaign of the game is split up into 3 episodes. - The first episode takes place in the Heart of Darkness, the third dimension, where Harkyn will explore the dungeons of Shambavilia. - In the second episode, Harkyn will visit the Castle of Shambavilia, the human realm. In this episode you'll play as the first new character, a hapless soldier named Paria. After leaving Shambavilia, Harkyn has to fight his way through the Heart of

Darkness and the depths of the necromantic “Beast” Madog; eventually saving the castle of Shambavilia from doom. - The third episode sees Harkyn facing his most fearsome and seemingly invincible adversary yet: Duriel. A demonic king who has waited millennia for Harkyn’s arrival, he will make a challenge of this journey to the very end. From the very first moment you play, your hero will have the opportunity to customize him. One example is of course his appearance, where you can choose the gender of your protagonist, the outfit, the facial expression and even
