## **FilmImpact Transition Packs Bundle TP1 V317**

Add the unique style of the Film Impact transition to your projects! Simply add keyframes to the transition effect, switch to the SmartTransition tool and create as many variations of the motion as you desire. You can even save transitions so that you can use them in the future. Impact Announcer provides a fun and exciting way to introduce anything from your previous work. Using the effects of bouncing, zooming and alternate sequences, it allows for quick and unique transitions in your project. This is the best time to use our made-for-transition by-name Transitions in a video project as a way to re-imagine a relevant storytelling. A jolt to the senses, this can convey even the best animations for a more effective storytelling. Use it to slow down motion or to really speed up a scene. Whatever you like to do with your edits, this effect does it for you! The school uniform transition is fun and interesting. Re-imagine your students clothing as distant planets, walking on the sun, flying in space or maybe just try to impress the teacher with a futuristic attire. The sky is the limit when you use the stars and planets in your projects. Take your videos to a whole new level. With this packs effects you will instantly feel like the best video editor in the world. And we made sure to include some more video- and film-related such as an animation effect and a music video and film transitions to spice up your projects even more. Tons of animations and transitions to choose from, and even more free to use in Resolve, with our Ultimate Transitions Pack.
